

**DANSVILLE SCHOOLS**  
**Board Committee Meeting Minutes**  
**September 2, 2010**

A Policy Review Committee meeting of the Dansville Schools Board of Education was called to order at 6:30 p.m. by Mary Clinton, Chair.

Members Present: Dan Pheils, Mary Clinton

Others Present: Superintendent Amy Hodgson

The Committee discussed draft bylaws developed using the current Dansville Board of Education bylaws as well as surrounding school district bylaws. At the August 10, 2010 Policy meeting community members voiced concerns regarding filling of vacancies by the local ISD if the Board could not agree on a candidate (section 142.5 of proposed bylaws).

Vice President Clinton proposed language addressing this section, which will be presented to the Board at the September 20, 2010 regular meeting.

The current Building Use school policy was reviewed. The Committee discussed the current policy and will develop a draft building use policy. It was suggested that the proposed policy needs clear definition of “district sponsored activities”, an approved range of activities and possible tier pricing. The Committee will request input from the full Board regarding building use fees.

The Committee will report to the Board at the next regular meeting.

The meeting was adjourned at 7:18 pm.

Respectfully submitted,

---

Mary Clinton, Vice President
