

High School Enrollment

Students wanting to enter high school after not completing the previous year of regular school either here or in another school and students who are continuously enrolled and fall into the categories listed below are required to meet with the high school principal and counselor. Enrollment will depend on commitment and review of the student records. Alternative educational programs will be examined and may be encouraged depending on the individual student. Enrollment will be determined by the high school principal.

- A. If the student is 17 years of age as of September 1 and has less than 6 units of credit on his record.
- B. If the student is 18 years of age as of September 1 and has less than 10 units of credit on his record.
- C. If the student is 19 years of age as of September 1 and has less than 14 units of credit on his record.
- D. If the student is 20 years of age as of September 1.
