

## Dansville Elementary School August Board Update

Back-to- School Bash was well attended this year! The building was packed and many families were at the school for the entire hour and a half event, catching up with friends while enjoying a free hot dog dinner in the cafeteria. Many community groups were also represented and shared information with families.

The first few days of school have been a huge success with a lot of happy faces from students, staff, and parents! We are looking forward to a great year! Teachers and students are enjoying the air conditioned classrooms for the second year!

Preparations are underway for the fall round of screeners. FAST Bridge is given to collect the latest literacy data and Spring Math is used to collect math data.

GSRP starts on 8/26. All 16 slots have been filled since May!

Thanks to a GSRP grant, we were able to purchase some tricycles for our students to use outside! We also added a cement path around the playground to ride the trikes on and will soon be installing a storage shed and rock cave as well.
