

## Dansville Middle School Board Updates

February 2025

- The Dansville Middle School FFA had a large team of students participate in the District Leadership Contest. The students performed very well and will now move on to the regional event.
- Our DMS Science Olympiad team participated in the University of Michigan Science Olympiad Invitational, where Finn Davis, Kora Schneider, and Jonathan Spinner earned event medals. We are proud of everyone's accomplishments!
- We are continuing to recognize students with Aggie Shout-Outs. This month's theme was Kindness Matters.
- The middle school students enjoyed participating in the Winter Spirit Week for homecoming, which ended with an assembly and various fun games.
- DMS science teacher Sydney Hammerstein was selected to participate in the [Michigan Master Teachers Program](#) through Michigan Tech. She will be paid a stipend to earn her master's degree and work with science teachers in high-needs Michigan schools during the six-year program. Congratulations!
