

Dansville Elementary School August Board Update

Back-to- School Bash was well attended this year! The building was packed and many families were at the school for the entire hour and a half event, catching up with friends while enjoying a free hot dog dinner in the cafeteria. Many community groups were also represented and shared information with families.

The first few days of school have been a huge success with a lot of happy faces from students, staff, and parents! We are looking forward to a great year! Teachers and students are enjoying the air conditioned classrooms for the second year!

Preparations are underway for the fall round of screeners. We are excited to begin using NWEA with students 2nd grade and above for benchmark testing this year.

Our PreK program starts on 9/2. We can have up to 18 students this year and are currently filling our final slot.

The new fence for the elementary playground has been a nice addition to our playground. Thanks to Mike Sykes, Rick Miller, and Clean Team for all their hard work preparing our building for students!
