

Dansville Middle School Board Update

August 2025

- Dansville Middle School students participated in our annual Registration Day to complete paperwork, get school pictures taken, and receive their class schedule. We had several students from the Student Council available to assist new students with lockers and to pop popcorn for everyone.
- We hosted a 6th Grade Orientation where students had an opportunity to learn about middle school, find their classes, and participate in fun games with the staff before the start of the year. Parents also had a meeting to learn about the transition from elementary school to middle school.
- Our middle school students participated in the annual House Assembly on the first day of school. The students love this tradition and are always excited to “spin the wheel” to determine their House.
- The members of our middle school football and cross country teams were recognized at Meet the Aggies with our high school students. The kids were very excited about the opportunity.
