

Food Service Report March 2025

Hello Board Members~

Spring is right around the corner and how thankful we all are for that! My staff & I am looking forward to Spring Break and having time with our families and some time for ourselves (and to sleep in a bit 😊)!

Breakfast and lunch numbers have been a bit lower the last month or so with many students out sick. Many of my staff have been out sick as well, so we all look forward to days of sunshine and Vitamin D to cheer us up and healthy us up!

Returning from Spring Break is about the time I start to look for classes to take in the summer months to fulfill my training hours requirements and earn more CEU's. I always enjoy these classes since I learn more about child nutrition and I meet other Food Service Directors from around the state, and of course, have the opportunity to trade ideas and tips to bring home to improve the Food Service Department for the students!

I hope you all enjoy some of our beautiful Michigan spring days!

As always, thank you for the opportunity to serve my community as Food Service Director.
