

## **Facilities Report December 2024**

- Materials were delivered for the energy/ lighting project and will be starting in the coming days.
- School was approved for the filter first grant and will be scheduling bottle filling stations/filtering drinking areas in the near future— hopefully one of the coming breaks.
- Gearing up for some winter break projects including resource room elementary flooring, door project elementary, fire alarm annual inspection, paint removal on floor by elementary gym and other miscellaneous things.
