

Facilities Report January 2025

- Energy savings lighting project has been completed; the rest of our exterior lighting is all LED as well is the interior, so we no longer have fluorescent bulbs.
- Over break the paint splatters were cleaned from the floor near the elementary gym.
- Work was completed on elementary exterior playground doors to address accessibility issues and working on getting some numbers to address other door issues i.e. door 5 vestibule and HS fire doors.
- Finished inventory of drinking fixtures for the upcoming changes for drinking water.
- District air filter change is completed so everyone can breathe easy.
