

## Dansville Elementary School February Board Update

- Holidays are always special in elementary buildings and students love a good celebration. This month we celebrated 100 days of school, Aggie Spirit Week, and Valentine's Day. Educators are always finding ways to celebrate and be joyful with students while keeping the focus on learning and the curriculum. Creativity is key when making learning fun, and our teachers are masters at this craft!
- The PTO is continuously BUSY planning food for teachers at PT conferences, fun family events, and a variety of ways to support Dansville educators. They are also mindful to find ways to engage and welcome current and new families. We appreciate all they do!!!
- Literacy night was February 7 with the theme "Literacy on the Go". This event was for Preschool, Kindergarten, and First Grade students as well as students receiving Title I services. This was the last of a series of three Literacy Nights, with the highest attendance being around 60 participants. Good times were had by all! We look forward to doing them next year.
- STEAM night was held on February 20 from 5:30 to 7:30pm. **Science, Technology, Engineering, Arts, and Math** oriented activities, experiments, art, projects, and prizes were available to all, and enjoyed by approximately 150 people, for a wonderful two hours of fun. Extra thanks to Mrs. St. Amant and her team for all of their hard work in preparing for this family event.
- Elementary staff are busy planning for March is Reading Month. The 2024 theme is Reading R.O.C.K.S. – **Read On Cool KidS** The committee is very excited about the activities being planned and are confident that reading will be promoted and embraced in a fun fashion. The Aggie families will also have the opportunity to enroll their children in the Read-A-Thon fundraiser, an easy, fun, and rewarding program to encourage reading at home and at school.
