

Dansville Elementary School November Board Update

- We had hundreds of visitors in for Halloween parties and the parade! It was great to see everyone in the building! Middle School and High School students also had a chance to view the Halloween parade from the bus loop!
- Thanks to the NHS for leading another successful food drive for Dansville families in need. The elementary students enjoy participating in a friendly competition to see which class brought in the most items.
- We had great parent involvement for Parent Teacher Conferences with a 94% attendance rate! The book fair was also very successful with over \$7,000 in sales! Thank you to Ms. Barnett and the PTO for the time they put in to make the bookfair successful. This helps us buy books for Kindergarten round up and classrooms.
- Dansville Elementary in partnership with Dansville Preschool and Child Development Center, Little Aggie Preschool, Dansville CADL, and Ingham ISD hosted our first family literacy night of the year. PreK-2nd grade families learned strategies to support literacy and had many activities to practice at school. Tomato Brothers was provided for dinner thanks to DSEF!
- The PTO Craft Show and Food Truck Fest is their largest fundraiser and takes place the Saturday before Thanksgiving every year. These funds are used to support students and teachers through a variety of activities such as scholarships for Fifth Grade Camp and the Fourth Grade Mackinaw trip as well as providing support for classrooms!
