

Dansville Middle School Board Updates

September 2025

- Aggie Aid started and is offered on Tuesdays and Thursdays each week. Teachers are available to help students from 3:00 to 4:00 PM on these days, and busing is available for those students who live within the district.
- The DMS Student Council has completed the membership process, and students have begun working on various projects. These have included selling concessions at athletic events, making posters and collecting winter coats for those in need, and planning the first dance of the year.
- Mr. Braman and Ms. Morgan have begun recruiting for our middle school eSports team. There are currently 24 students who are excited to participate this year.
- We are continuing to recognize students with Aggie Shout-Outs for doing great things at school.
