- **Senior Spots:** Our seniors are wrapping up their parking spots and have come up with some really cool ideas. Check those out sometime when the lot isn't full.

- **Senior Sunrise:** The Class of 2026 started the year off with a Senior Sunrise. It was a great way to start their Senior year, even if it was a little cold outside.

- **Post-Secondary Planning:** We've hosted a few lunch visits from Colleges and recruiters so far, and look forward to having more throughout the year. We also have scheduled to attend the Grand Ledge College & Career Fair in a few weeks.
- **Wayfinder:** We've started working through our new program (during advisory) Wayfinder. A durable skills curriculum focused on six core skills, see below.
